RAHEEM IBRAHIM ADEMOLA

Frontend Web Developer

Phone: +2349036554774 **Email: ademolaraheemibrahim@gmail.com**

Professional Summary

Passionate and detail-oriented Frontend Developer with strong proficiency in HTML, CSS, JavaScript, and React.js. Holds a Full-Stack Development certification from Zuri (frontend specialization) and a participation certification from HNG Internship. Experienced in building responsive, interactive web applications with real-world API integrations and authentication flows. Skilled in React hooks, state management, and modern UI/UX best practices. Adept at data entry, research, and AI-based annotation and content optimization. Strong communication skills, with fluency in English and Arabic.

Technical Skills

☐ **Languages:** HTML, CSS, JavaScript (ES6+)

☐ **Frameworks & Libraries:** React.js, Tailwind CSS, Typecript

☐ **React Concepts:** Hooks (useState, useEffect, useReducer, useContext, useImperativeHandle), Props, Context API

☐ **API Handling:** Axios, REST APIs, GraphQL (Apollo Client)

☐ **Version Control:** Git, GitHub

☐ **Tools & Platforms:** VS Code, Chrome DevTools, Netlify, Figma

☐ **Concepts:** Responsive Design, UI/UX Principles, SPA, Authentication

---

Projects

☐ **User Registration & Login App** – Built with React and Axios. Includes authentication with JSON server, error handling, and user context management.

☐ **GitHub Explorer App** – Uses Apollo Client and GitHub GraphQL API to search and display repositories dynamically.

☐ **Fetch API Challenge (React)** – Consumes RESTful APIs using fetch, showcases use of React hooks and conditional rendering.

☐ **React Hooks Practice Suite:**

- **Timer App** – Built using useEffect and useState.
- **Counter with Reducer** – Implemented with useReducer for state transitions.
- **Modal Component** – Controlled with useImperativeHandle.

☐ **To-Do List** – A task management app with CRUD features. (React, JavaScript)

☐ **Kanban Board Task Manager App** – A visual productivity app with drag-and-drop functionality.

☐ **Amazon Clone** – A basic frontend replica of the Amazon homepage with cart functionality.

☐ **Color Guessing Game** – Tests users' ability to identify RGB values.

☐ **Quiz App** – Dynamic question and scoring system.

☐ **Rock Paper Scissors Game** – Interactive game logic in the browser.

☐ **Frontend Mentor Challenges (Landing Page, Space Tourist Website)** – UI challenges that demonstrate responsive design and visual aesthetics.

Education & Certifications

- 2022 - Full-Stack Development Certification (Frontend Focus) – Zuri Training Program (Remote)
- 2025 – Prompt Engineering for everyone – CodeSignal
- 2025 – Generative AI in 2025 – Overview and Practice -- CodeSignal
- 2025 - Frontend Development Certification (Participation) – HNG Internship (Remote)
- 2022-2024 – M.Sc. Anatomy   University of Ibadan. Oyo-State, Nigeria
- 2014-2018 - B.Sc. Anatomy   Olabisi Onabanjo university. Ogun state, Nigeria
